

Psychology Registrant Data: June 2013

Published September 2013

Introduction

The Psychology Board of Australia (the Board) is responsible for registering psychologists and provisional psychologists, setting professional standards and guiding the profession. Its main function is to protect the public.

The Board has analysed its registration data and produced a number of statistical breakdowns about registrants to share with the profession and community. The Board shares these breakdowns regularly.

For more information on psychology registration, please see the Board's website:
